

# Carlitos

Jesus said, “Let the little children come to me, and do not hinder them, for the kingdom of heaven belongs to such as these.” Matthew 19:14

## *Energy, enthusiasm, and determination!*

Carlitos is a precious child who is full of energy and life. He loves to play outside, go swimming, dance, sing, read stories, run, and of course laugh. Carlitos’ effervescent energy, enthusiasm, and determination bring much joy to HCN.

Carlitos is one of three children. His siblings, Yennifer and Francisco (pictured in the top left corner), also live at HCN. He and his siblings are very close and enjoy spending time together. As youngest boy at HCN, Carlitos is doted upon by all of the older girls. His cute grin and refreshing hug has won him many “mommas” who watch out for him!

Carlitos admires and loves all of the bigger kids, especially his brother and sister. Just this week, Carlitos was watching his brother ride his bike around campus and decided he too wanted to learn how to ride a bike. Without any training wheels, Carlitos hopped on a bike and was off. A few falls later, he came for some help. Carlitos and I worked for a while learning how to ride a bike. Every time he fell, he got right back up and wanted to try again. His determination to succeed teaches us all.

Thank you so much for the love and support you have given Carlitos!
