

# Chilo!

Jesus said, “Let the little children come to me, and do not hinder them, for the kingdom of heaven belongs to such as these.” Matthew 19:14

## *Encouraging and Inspiring!*

Chilo is a beautiful, astute young woman who positively impacts the lives of all those she is around. She is an encourager. Chilo, although shy around people she does not know well, continually encourages others through words and actions. For example, when the older girls are preparing for a cultural dance presentation (as pictured in the upper right corner), Chilo makes a point to tell each girl how beautiful they look.

Chilo has been such a wonderful example for the other children in the center. She loves to learn and is an honor roll student at her new high school, Colegio La Salle. She is dedicated to her schoolwork and usually can be found diligently working on homework in the mornings before school. This example has impacted many children at HCN.

What is most stunning about Chilo is her inner beauty. She encourages and inspires the other children and professors at HCN with love. She also loves to have fun. She enjoys dancing, dressing up, swimming, going to the movies, and eating Tip-Top chicken. Thank you so much for all you have invested in Chilo. Your love and support has encouraged Chilo to achieve great things.
