

Diana!

Jesus said, “Let the little children come to me, and do not hinder them, for the kingdom of heaven belongs to such as these.” Matthew 19:14

Growing in Love!

Although Diana is the youngest of three girls (pictured in the top left corner: Chilo, Ivania, Diana), she is the most outgoing and vocal. Diana loves to spend time with her sisters and the older girls at HCN. She and Ivania are usually the organizers for the cultural dance numbers the girls perform (top right picture). Diana’s favorite things to do are swimming, performing cultural dances, and eating Tip-Top chicken.

Since the start of the new year, we have really seen Diana blossom. Several months ago, we received six new girls from another center in Leon that was forced to shut down by the Ministry of Family. The littlest child, Noelia, is only three years old. Noelia initially had a difficult time adjusting to HCN, but Diana came to the rescue. Diana became “momma” to Noelia making sure she was loved and cared for. Diana loved Noelia when she needed it the most.

Diana is growing in her character and love for others. Thank you for loving Diana through your support.
