

# Esau!

Jesus said, “Let the little children come to me, and do not hinder them, for the kingdom of heaven belongs to such as these.” Matthew 19:14

*Leads with wisdom and determination!*

Esau is a born leader who possesses wisdom beyond his years. Lorvin, an administrator and English teacher at HCN, described Esau as a child with high ambitions for life. He desires to protect his family and share everything he has with them. Esau has voiced to many of the professors at HCN his hope to help support his mom one day. Esau’s twin brother, Jacob, and a sister Karla also live at HCN. Although he is not the oldest, Esau is always watching out for and caring for his family.

One of Esau’s dreams is to learn English. He can almost always be found standing outside of the door to the English classroom several minutes early waiting for English class to begin. Esau also enjoys animals, traveling, and caring for others.

The most impressive characteristic about Esau is his unrelenting determination. Be it in his schoolwork or in helping another child, Esau never gives up. His passion and determination are a witness to all who are blessed to know him. It is with your support that he will continue to grow into a leader.
