

Ingrid!

Jesus said, “Let the little children come to me, and do not hinder them, for the kingdom of heaven belongs to such as these.” Matthew 19:14

Love, strength, and persistence!

Ingrid is a shy 13 year old girl who is filled with so much love and wonder. Ingrid loves all of the children at the center, especially her sister Andrea. Ingrid takes it upon herself to look out for her sister, from making sure she is doing well in school to being available to spend time with Andrea. Ingrid enjoys being outside, singing, doing crafts, and playing sports. Ingrid also possesses an awe and amazement for all things around her.

What I admire most about Ingrid is her strength of character and persistence. One evening, Ingrid was outside shooting basketball, with one hand. (Ingrid fell several weeks ago and hurt her left hand.) She was not shooting well but was determined to learn how to shoot with only one arm. After more than thirty minutes of playing, Ingrid began to make basket after basket. She did not give up, even though those around her were encouraging her to stop.

Ingrid's perseverance allows her great opportunities for development as a member of the HCN family. Thank you for your support!
