

# Ivania!

Jesus said, “Let the little children come to me, and do not hinder them, for the kingdom of heaven belongs to such as these.” Matthew 19:14

*What a beautiful young woman!*

Ivania is growing into such a beautiful young woman. She, along with all of our older girls, have developed a love for performing cultural dance. In organizing the dance performances, Ivania has demonstrated quiet leadership, kindly helping those who are not familiar with the routines.

In January, Ivania had ear surgery to correct a damaged eardrum. She is progressing very well. She is still unable to get her ear wet, so she will often be seen joyfully observing on the side of the pool while the others are swimming. She has yet to complain about not being able to swim; her patience is a witness to all.

Ivania has also started high school (7th grade) in February with Chilo and Jenny at Colegio de La Salle, which is an extension of their elementary Escuela La Salle. Ivania is enjoying the new school and the opportunity to purchase a snack at school with Chilo and Jenny! She is a great student!

For Ivania, joy comes from your love, the love of her family here at HCN, snacks at school, Tip Top chicken, and the soon to be reality of moving into the “girls” house. Thank you for sponsoring and loving Ivania! Your love is helping to mold and shape her.
