

Jessica!

Jesus said, “Let the little children come to me, and do not hinder them, for the kingdom of heaven belongs to such as these.” Matthew 19:14

Our dreamer!

Jessica is full of energy, compassion, and love. She is our actress. She loves to flash her smile and entertain. The bottom left picture is of Jessica, smiling with her toothless grin, after singing for a concert at HCN. She is a child whose laughter fills the hallways at HCN.

Jessica arrived at HCN with her sister, Yessenia (left upper picture), several months ago from another center. When she first arrived she was reserved and appeared sad. To get to know more about her, we asked her if she could do anything in the world what would she like to do. She responded “to study”. Jessica is doing well at La Salle school.

What makes Jessica unique from all of the other children is her charisma and charm. She is often found outside playing and dancing to the music from the nearby church. She loves to play make believe. What has changed most about Jessica in the last several months is that she is now a dreamer. The love she has received at HCN has allowed her to dream. Thank you!
