

Yennifer

Jesus said, "Let the little children come to me, and do not hinder them, for the kingdom of heaven belongs to such as these." Matthew 19:14

Her eyes sparkle with joy and love!

Yennifer is a stunning, beautiful young lady whose eyes are always sparkling. She was a timid child who never wanted to look anyone in the eyes. Yennifer had strabismus in her left eye (abnormal alignment of her left eye). Now her life has changed. On March 6, 2009 Yennifer underwent a corrective surgery for her left eye. The surgery went beautifully. The bottom picture on the left hand side is of Yennifer this Christmas; the others are post surgery! Since the surgery, Yennifer's whole demeanor has changed. She is now confident in herself and loves to have her picture taken!

Now, when you look into Yennifer's eyes you can peer into her sweet heart. Yennifer has a great love for others. She is the "momma" figure for her two brothers Carlitos and Francisco (pictured above). Yennifer's impact on the other children at HCN was seen very clearly when she was recovering from surgery. The older girls at HCN all wanted to go (and went) to the clinic where Yennifer was staying overnight to check on her because of the impact she had made on their lives.

Thank you so much for investing in Yennifer. Your support and love have opened up a new world for her. Thank you for helping her eyes sparkle with joy and love.
