

Ministry opportunities

are considered in the context of overall strategies which have the intention of changing lives and the tenor of communities. Principles which are fundamental to our ministry to Nicaragua are:

- We serve under the authority of and in close partnership with government/national institutions.
- Nationals determine their vision/priorities for their communities and institutions. El Ayudante provides financial and human resource in support.
- Ministry is sustained and holistic.

Developing and cultivating personal relationships while we serve is our greatest pleasure!

Ministry priorities from January through August 2011

Construction

- Renovations/repairs of classrooms at the Leon Special Needs School

Medical

- Teams will serve high need locations identified by the Ministry of Health (MINSA) located in the Department of Leon, the children/families of El Ayudante Family Enrichment Center, and the staff of El Ayudante.
- Personnel will serve in the El Ayudante Clinic located on campus.
- Surgeons can serve in HEODRA, the university hospital, and conduct seminars with interns prior to surgeries.
